FOR MORE INFORMATION, CALL FLEXILINE ON 0508 353 945

WHAT IS FLEXILINE

FlexiLine is FlexiGroup's premium finance offering, which works like a line of leasing credit. With a fast, one-off approval and minimal documentation, you can draw down from as little as \$500 (inc GST) at a time, right up to the pre-approved balance. You are then able to add equipment as and when you require it.

With FlexiLine, your business can become pre-approved for up to \$200,000 obligation free, making it the ideal financing solution where your on-going equipment requirements exceed \$20,000 per annum.

WHY FLEXILINE?

- ✓ Preferential rates and no documentation fees
- ✓ Convenient approved line of credit, valid for 12 months
- ✓ Fast and easy drawdowns
- ✓ Dedicated account management support
- ✓ Select any equipment supplier (your choice)
- ✓ Choose either Operating Lease or Finance Lease
- ✓ 100% software drawdowns
- ✓ Structured payment plans
- ✓ Quarterly statements detailing your drawdown activity and available balance

FOR MORE INFORMATION, CALL FLEXILINE ON 0508 353 945

IMPROVED CASH FLOW

Put your valuable working capital to better use elsewhere in your business. A FlexiLine credit facility lets you secure equipment worth more than double your annual budget. Many of our customers prefer to pay monthly, however you can choose from a variety of structured payment plans[†] to best suit your budget, including quarterly, half-yearly or annual rental payments & up-front balloon payments.

TAX DEDUCTIBLE

Lease your equipment with FlexiLine and your payments could be 100% tax deductible*.

FLEXIBLE END-OF-TERM OPTIONS

- Upgrade to new equipment
- Choose a Rental Extension if you are not quite ready to upgrade
- Return the equipment to us if you no longer need it at the End-of-Term[†]

BUNDLE THE LOT

Bundle hardware, software, accessories, training and installation into one easy to understand agreement.

OPTIONAL EQUIPMENT & PAYMENT PROTECTION

For a small additional charge, we will cover the equipment in the event of loss, theft or accidental damage anywhere in New Zealand or Australia. This also covers portable equipment such as notebooks when travelling overseas. Add Payment Protection and we'll also cover your payments should you experience some form of business interruption[†].

OPERATING LEASE

- ✓ Ideal for rapidly depreciating technology and equipment
- ✓ Payments are an operating expense and are 'off balance sheet', meaning that they are typically 100% tax deductible*
- ✓ Upgrade any time during or at the end of your Lease Agreement[†]
- ✓ Choose to extend your Lease Agreement for as long as you need it
- ✓ Avoid being locked into owning and disposing of obsolete equipment

FINANCE LEASE

- ✓ For assets, software and services[^] that have a long usable life and retain their value
- ✓ Capital expenditure item - 'on balance sheet'
- ✓ Asset & liability - interest, depreciation and GST can be claimed as a tax deduction*
- ✓ Ownership transfers to you after the last payment is made

HOW TO APPLY

- Choose the equipment that you would like to lease and select the equipment supplier
- Contact us on **0508 353 945**
- Complete a quick FlexiLine application form, once approved, the paperwork is faxed or emailed for you to sign
- Take delivery of your equipment
- For on-going additional equipment drawdowns we simply require the tax invoice from the supplier
