

LINEAR STEEL CAFÉ TABLE

THOMAS BENTZEN ON THE DESIGN “The Linear Steel Café Table was designed from the idea of presenting durable materials in a sophisticated and understated expression for outdoor use with its form language inspired by the notion of meetings—the meetings of lines, the meetings of shapes and the meetings of materials. The design is defined by its straight lines for a contemporary yet timeless aesthetic, translating the values of elegance, longevity and functionality into modern outdoor furniture.”

ABOUT THE DESIGNER

Thomas Bentzen is a Copenhagen-based designer, working to infuse his designs with a refined simplicity. His studio was founded in 2010, creating designs that have received international recognition at fairs and exhibitions all over the world.

COUNTRY OF PRODUCTION

Italy

DESCRIPTION

The Linear Café Table is characterized by its clean lines and elegant shapes, allowing for it to complement any outdoor setting

MATERIAL

The tabletop and base are made from galvanized steel with a weather-resistant deep matt, UV-resistant powder coated finish, making the table suitable for outdoor use. Plastic glides for outdoor use.

CLEANING AND CARE

When cared for properly, the Linear Steel Series is designed to last. Follow these simple rules to care for your design in the best possible way. Clean the table with a damp cloth after use. If necessary, use a mild detergent or dish-washing liquid, not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquids, grease etc. should be removed straight away. Lacquered surfaces can get scratches and chips if hit by other hard objects. Be careful around the design when handling other hard objects, such as tableware and porcelain. Never stack tables on top of each other as hitting the surfaces against each other will cause lacquer to chip and scratch.
