

RELEVO RUG

STUDIOPEPE ON THE DESIGN “The Relevo rug came to be as it often does; on the drawing board with paper and pencil. We like to create a whole story around a project, this time with a rug that could be a sculpture in its own right, virtually changing the perception of a room. Relevo’s swooping lines were inspired by land art and its sometimes furrowed, hypnotic paths in the soil. Relevo means relief in Latin, emblematic of the rug’s geometric pattern, made by trimming the hand tufted rug in levels and thereby creating a subtle effect of light and shadow, a compelling visual expression.”

ABOUT THE DESIGNER

Studiopepe is an Italian multidisciplinary design studio based in Milan, founded by Arianna Lelli Mami and Chiara Di Pinot. The duo is known for their distinct way of working with composition and graphic form, as their unexpected concepts and stories vividly take physical form. Internationally acclaimed, their practice encompasses anything from architecture, product design and exhibitions to creative direction, installation and styling.

COUNTRY OF PRODUCTION

India

DESCRIPTION

Relevo is a soft rug with a distinctly sculptural quality. Its striking graphic pattern is produced by trimming the tufted wool in different levels, thereby creating an eye-catching shadowplay that gives a sense of being two-tone rather than monochrome. The rug’s single rounded corner gives it a unique character, a dynamic expression in any setting.

MATERIAL

Made from 100% New Zealand wool, hand-tufted in India. Backing made of 100% cotton. Shedding is a natural occurrence which will decrease over time. Please note that the color of the Relevo Rug may vary depending on the wool’s natural base color. Please note that all sizes of the Relevo Rug have a sizing tolerance of +/- 2%, meaning that the dimensions of the rug can differ by a maximum of 2%. Relevo does not require the use of a rug pad due to its weight.

CLEANING AND CARE

For general care, we recommend gentle vacuum cleaning on a regular basis (a vacuum cleaner without a brush head allows for more gentle vacuum cleaning, not disturbing the fibers of the rug). Excess material is a natural occurrence and will decrease over time. This can be removed with gentle vacuum cleaning. For cleaning of stains or spots, we recommend professional dry cleaning. Avoid cleaning with water, as this will damage the product.
